BIRNEY BEES - LET'S BE SAFE! Child Safety for Door-to-Door Solicitation

1. Children should only participate in door-to-door solicitations under adult supervision, and they should never participate in "street" solicitations where they stand in the medians of busy highways to collect money or sell products.
2. Door-to-door solicitation should only be conducted during daylight hours, never at night.
3. Children should only solicit in neighborhoods known to them and the supervising adults.
4. Children should be under direct, line-of-sight supervision by the supervising adults. Children should never enter anyone's home without CHECKING FIRST with and being accompanied by the supervising adults. Never approach a home with a sign stating "No Soliciting," "Beware of Dog," or other such warnings.
5. Children should never reveal personal information about themselves to anyone, including their telephone number. If a contact telephone number is needed, it should be the telephone number of the organization benefiting from the solicitation.
